## INTRODUCING EMIRATES BOATS 46

## ABOUT

At Emirates Boats, we don't just build boats; we craft vessels that redefine the standard for performance, style, and durability. Our state-of-the-art center console boats embody the perfect fusion of cutting-edge design, advanced engineering, and unrivaled craftsmanship. Whether you're a seasoned mariner or new to the world of boating, our commitment to innovation and precision ensures that each boat is built to exceed your expectations.

With a legacy of trust and a reputation for excellence, Emirates Boats has become a leader in the maritime industry. Our boats are not only designed for peak performance on the water, but they also reflect our dedication to quality, safety, and comfort. From the latest materials to meticulous construction techniques, every detail is considered to offer you a boating experience like no other.

Discover the perfect balance of style and function with Emirates Boats - where world-class design meets unmatched reliability. Whether you're exploring new horizons or enhancing your fleet, join us in experiencing the next generation of center console boats.

## EXTERIOR

The exterior of the Emirates Boats 46 has been meticulously designed, taking attention to every detail. Offering different seating configurations, the 46 has enough sitting space for up to 10 passengers plus equipment.

All the hardware, fixtures and fittings and exterior decking are to the highest quality right down to the smallest of details meaning every corner and every surface of the exterior of the boat offers its own journey of quality.

The exterior layout offers unparalleled comfort and practicality, whether you're into fishing or cruising, the Emirates Boats 46 has got your needs covered.

## INTERIOR

As soon as you enter the interior space within the Emirates Boats 46 you are taken into an expanse that is unrivalled in size and usability within a boat of its proportions.

The Emirates Boats 46 benefits from natural lighting throughout, generated from the skylights and side windows allowing panoramic views out to the exterior environment, and directly into the water via the hull windows. A convertible bed/seating area gives the owner multiple uses for the day and night use of the boat.

The interior head space has its own walk in shower with seating and vanity space with all the expected luxuries of a bathroom designed around the highest specifications

## DESIGN BRIEF

The Emirates Boats 46 is an evolution of technologies, build processes and materials all combined into an incredibly striking and high-performance boat that can be used through a wide range of applications.

Building on top of the renowned pedigree of Emirates Boats and its international presence, the Emirates Boats 46 stands on its own next to the other models in the line-up of the shipyard. From the up to 5 outboard engines, to the built-in gyro, the Emirates Boats 46 is a combination of styling, speed, finishing and comfort.

Thoroughly designed inside and outside by the acclaimed yacht design studio RODRIGUEZDESIGN, the Emirates Boats 46 is bred from excellence.

## SPECIFICATION

### GENERAL

- Type: Planing Motor Yacht
- Engineering: RODRIGUEZDESIGN
- Design and Naval Architecture: RODRIGUEZDESIGN

### DIMENSIONS

- LOA: 14.11 m
- Beam: 3.40 m
- Draft: 0.73 m
- Displacement: 11.33 T
- Interior Area: 4.60 m<sup>2</sup>

### PERFORMANCE

- Max. Speed: 60 MPH+
- Cruising Speed: aprox. 40 MPH
- Fuel Tank: 600 US GAL
- Fresh Water Tank: 39 US GAL

### EXTERIOR

- Deck: SeaDeck or Non-Skid
- Deck Hardware: Stainless Steel
- Anchoring System: Electric Bow Anchor with Lewmar Windlass
- Upholstery: Custom-Made Foam Core with SILVERTEX Upholstery

### ENGINEERING

- Engines:
  - 5 X MERCURY 500R
  - 5 X MERCURY 450R
  - 4 X MERCURY 400
- Hull & Deck Construction: GRP

## ENGINEERING

At Emirates Boats, our commitment to engineering excellence sets us apart, using the latest technologies and materials to create high-performance, durable vessels. Our center console boats are constructed with advanced composite materials, including fiberglass which allow for superior resin distribution, resulting in lighter, more robust hulls with enhanced durability.

Precision is at the heart of our process, with CNC cutting ensuring every component is meticulously crafted to exact specifications, reducing waste and guaranteeing a flawless finish. This dedication to innovative construction methods and materials allows us to deliver boats that are not only aesthetically striking but also engineered for lasting performance and reliability.

## CUSTOM

The Emirates Boats 46 comes with a comprehensive list of custom options, from engine options, hull colors, AV packages, through to heated seats, giving the owner full flexibility in their specifications and creating their own personal footprint on their Emirates Boats 46.

Outside of the custom list we also are open to implementing client requirements to allow the customer to further tailor their boat to their own personal requirements.
